

Shepparton East Community Action Plan 2025

SHEPPARTON EAST
COMMUNITY PLANNING GROUP

"The peace and quiet"

"Rural community feel that is close to Shepparton"

"The family atmosphere"

"Country living feel"

What we love about Shepparton East!

"The friendly community"

"Good school, kinder and sporting clubs"

"Knowing our neighbours"

"The picturesque orchards"

About Shepparton East

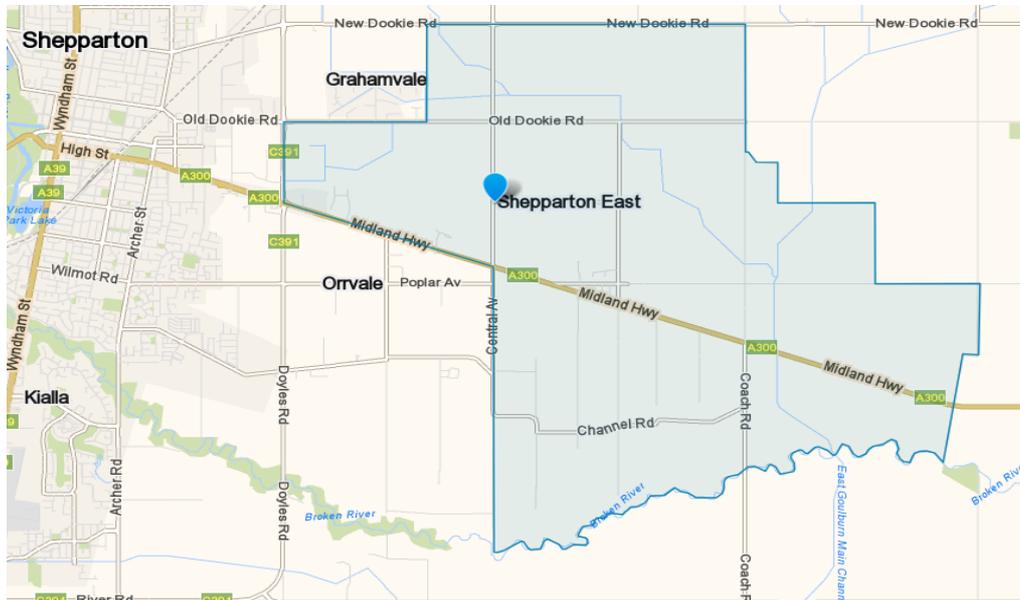

Shepparton East, located within the Greater Shepparton Local Government Area, recorded a population of 1,192 people at the time of the 2021 Census, a 4.75% increase on 2016 data. Well known as one of the region's horticultural hubs, Shepparton East is surrounded by picturesque orchards that deliver fresh fruit across Australia. Shepparton East is also home to a thriving primary school, an active recreation reserve and the famous chocolate apples. The community is proud of its strong sense of collaboration and its commitment to social, economic, and environmental growth.

Shepparton East Community Plan

The Shepparton East Community Planning Group was first established in 2015 and remained active until 2020. The group was proudly reactivated in 2024 to continue advocating for the needs and aspirations of the local community.

As reported in the 2021 Census, the median age of Shepparton East is 42 (Four years above the State average). While the number of residents aged 24 and under decreased slightly between 2016 and 2021 (a reduction of 2.3%), recent years have seen an increase in young families moving into the area. With this demographic shift in mind, our key community priorities focus on improving road safety, enhancing child safety, strengthening social connection through community events, and maximizing the use of Council and local resources to support a thriving, inclusive community. These priorities are reflection throughout our Action Plan.

Shepparton East mirrors the broader cultural diversity of the municipality, with residents born in Australia (77.5%), Indian (4.7%), Italy (2.8%), among others.

Our Action Plan Overview

This Action Plan highlights what we love about Shepparton East, our vision, our challenges, and future priorities that we want to work on as a community. It provides a written record of the projects that we see as important to our locality over the next couple of years and will be used to inform all relevant stakeholders and the wider community of our goals. Our mission is to seek out opportunities to improve our community and support various groups in achieving their objectives.

The list of actions and activities (identified within) will be reviewed by the group every 12 months to ensure that they are kept up-to-date and relevant, with a whole-of-Action Plan review occurring every five years.

Over the years, we have accomplished several initiatives, including hosting movie nights in 2017, 2018 and 2025, hosting a Neighbour's Day Community BBQ, creating a walking track from Shepparton to Shepparton East, getting a community noticeboard installed, and advocating for safety lighting near schools. Assisting in the development of the Shepparton East Men's Shed after our community expressed a need for one. We have also worked diligently and advocated for drain maintenance and maintained communication with VIC Roads to enhance road safety in our area.

Through ongoing community participation and the formation of strong partnerships with Greater Shepparton City Council and other relevant organisations, the actions identified within this document will be continually pursued and advocated for, ensuring the greatest possible chance of achieving positive outcomes for the entire area.

We are excited about the future and the many more initiatives we plan to undertake to further benefit our community.

Together, we can continue to make Shepparton East a better place for all!

SHEPPARTON EAST COMMUNITY ACTION PLAN 2025

Our vision is to seek out opportunities to improve our community and support various groups in achieving their objectives.

Goal	Actions	Partnerships	Key Themes	Priority
Enhance child road and pedestrian safety <ul style="list-style-type: none"> • Lowered speed limit on all roads adjacent to the Kindergarten • Separate entry/exit at Isabel Pearce Kindergarten • More lighting on roads and shared paths 	<ul style="list-style-type: none"> • Engage a consultant to create a child road safety strategy, with the aim to support funding applications • Have concept designs created on a per project basis • Apply for external funding 	<ul style="list-style-type: none"> • Greater Shepparton City Council • VicRoads • Isabel Pearce Kindergarten • Shepparton East Primary School • Department of Education 	Safety	High

Action Plan Framework - What Each Element Represents

- **Goal**
The overarching aims the group is working towards and hope to achieve through their collective efforts
- **Actions**
Specific and practical steps the group will take to progress toward the goal.
- **Partnerships**
Key individuals, organisations, or networks the group will collaborate with to support and strengthen their actions.
- **Key Themes**
Each set of goals represents a key theme categorised under advocacy, economic, environmental, safety and social. These themes help align priorities with strategic directions and community needs.
- **Priority**
A rating that reflects the urgency or importance of each action, ranging from highest to lowest. This helps guide resources allocation and focus.

Community Planning Group Contact Information

The Shepparton East Community Planning group welcomes new members.

If there is an action in the Community Plan that you are passionate about and would like to get involved and help bring it to life, please contact the Greater Shepparton City Council Community Wellbeing team at communityadmin@shepparton.vic.gov.au.
